

AMINA

BAMBA, AND I TRAIN AI

From playgrounds to planes, I'm always exploring with my kids, whether in Africa or at the foot of Mount Fuji. I am captivated by the intricate connection between humans and the natural world. As a creative thinker and a storyteller at heart, I have a deep thirst for knowledge. Currently pursuing a Graduate degree in Public Relations and Advertising and working as an AI trainer by day, and a producer by night. I am seeking an opportunity to leverage my strategic communication skills and innovative thinking. I am eager to contribute to impactful campaigns and support trade public relations strategies
